YOSEF SETIAWAN

Game Programmer | Godot 4 (GDScript), Python

Denpasar, Bali, Indonesia | +62 812 9053 7162 | yosefsetiawan2001@gmail.com
Play Store | itch.io | Portfolio | GitHub

SUMMARY

Self-taught game programmer building in Godot 4 and Python. Published a Godot mobile app with a custom Python data pipeline, plus original browser games on itch.io. English C2 (EF SET 76/100).

TECHNICAL SKILLS

- **Languages:** GDScript, Python
- **Engines & Libraries:** Godot 4, Pygame, Tkinter
- **Tools & Platforms:** Git, GitHub, Linux, Google Play Console, itch.io

PROJECTS

ChessAutoplay (Learn By Opening) | Godot 4, GDScript, Python | Live on Google Play

- Built a passive mobile chess study app that replays real 2000+ Elo tournament games.
- Wrote a custom Python data pipeline to extract, filter, and sort raw Lichess PGN data into app-ready categories.
- Wrote a chess notation parser from scratch (castling, en passant, promotion) and implemented clickable notation for position study.

Soul Transfer Pac-Man | Python, Pygame | Play on itch.io

- Reversed the classic mechanics: the player controls the ghosts, with BFS pathfinding AI, to catch Pac-Man as he phases between bodies.

Snake Classic | Python, Pygame, pygbag | Play on itch.io

- Redesigned the win condition from survival to filling the board; eating food permanently changes board tiles.

More browser games | Python, Pygame | itch.io

- Layered Match 3 with powerup fusion, Block Breaker with dynamic auto-aim, and Block Blast with overlapping ghost tiles.

EXPERIENCE

Indie Game Developer | CloudBV | 2025 – Present

- Solo developer shipping Godot 4 mobile apps and Pygame browser games, covering design, code, testing, and release.

IT, Coding, and Informatics Teacher | SMA HFO, Depok | 2025 – 2026

- Taught Python programming and IT fundamentals to high school students with zero prior coding experience.
- Designed lesson plans from scratch and built custom desktop tools (Wheel Spinner, Group Randomizer) used daily for classroom management.

EDUCATION

Bachelor of Industrial Engineering | President University, Cikarang | Graduated Dec 2023
